## IRS Announces HSA/HDHP Limits for 2018

### OVERVIEW

On May 5, 2017, the Internal Revenue Service (IRS) released [Revenue Procedure 2017-37](#) to announce the inflation-adjusted limits for health savings accounts (HSAs) and high deductible health plans (HDHPs) for 2018. These limits include:

- The maximum HSA contribution limit;
- The minimum deductible amount for HDHPs; and
- The maximum out-of-pocket expense limit for HDHPs.

These limits vary based on whether an individual has self-only or family coverage under an HDHP.

**The IRS limits for HSA contributions and HDHP cost-sharing will all increase for 2018.** The HSA contribution limits will increase effective Jan. 1, 2018, while the HDHP limits will increase effective for plan years beginning on or after Jan. 1, 2018.

### ACTION STEPS

Because the cost-sharing limits for HDHPs (minimum deductible and maximum out-of-pocket) will change for 2018, employers that sponsor these plans may need to make plan design changes for plan years beginning in 2018. Also, if an employer communicates the HSA contribution limits to employees as part of the enrollment process, these enrollment materials should be updated to reflect the increased limits that apply for 2018.
